

## Assembly instruction:

Rectangular workbench with open frame.

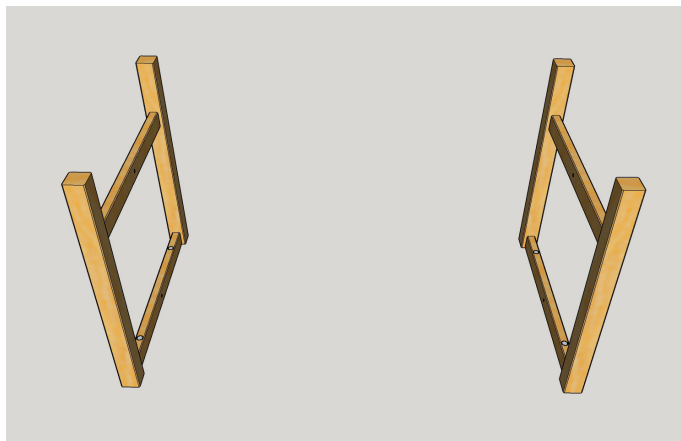

### Parts for the base frame:

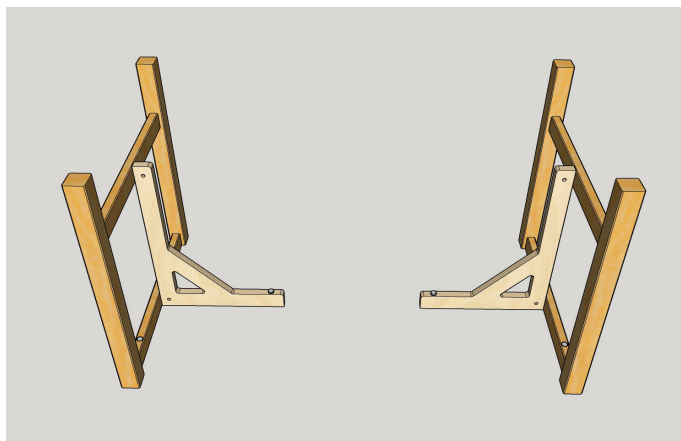

- 2x end gate
- 2x support triangle
- 4x bolt M8x60 mm
- 4x washer Ø8/22
- 4x square nut M8

### Parts for the bench top:

- 1x bench top
- 6x bolt M8x70 mm
- 6x washer Ø8/22

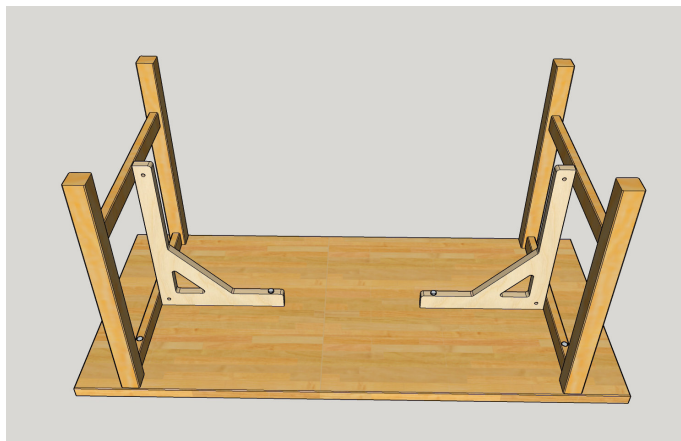

Two endgates

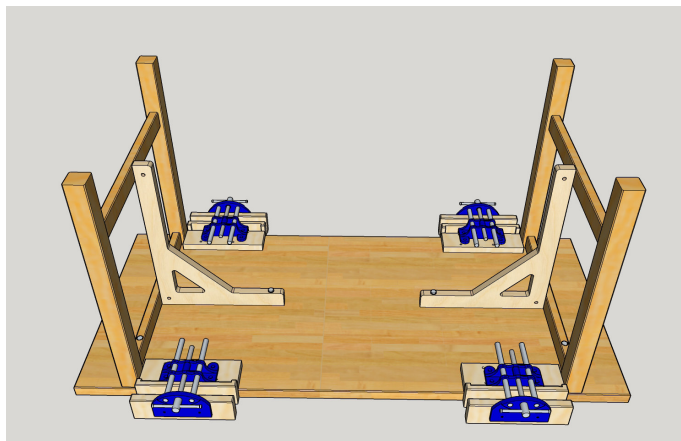

Connect the triangles to the gates using:

- Bolt M8x70 mm
- Washer M8
- Square nut M8

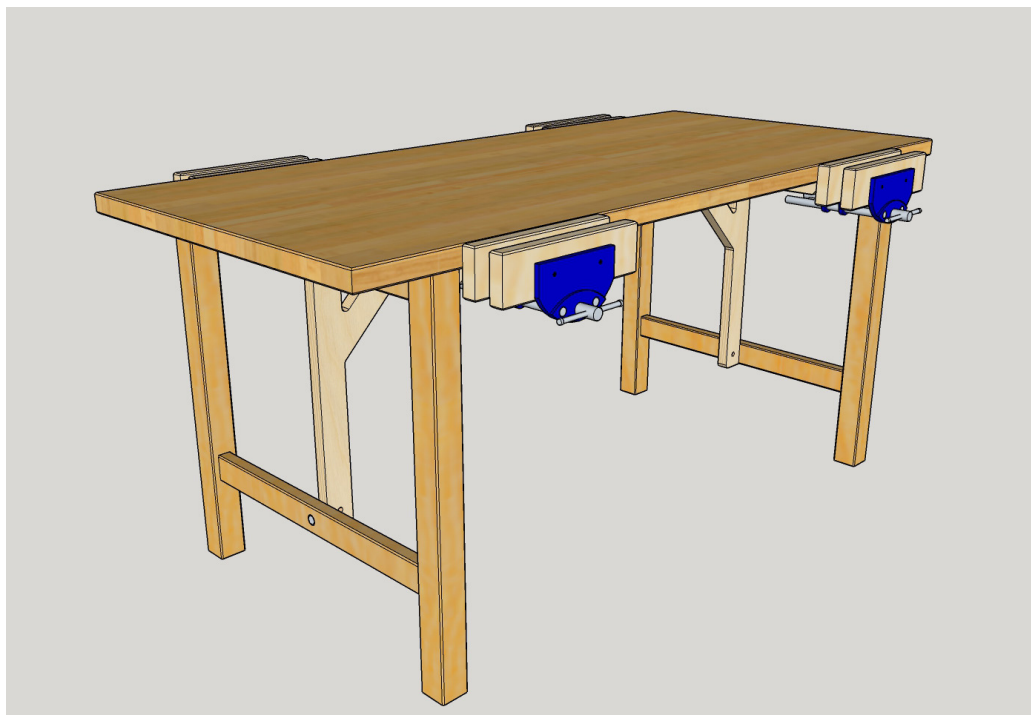

Place the top opposite down and connect the gates and frames using:

- Bolt M8x70 mm
- Washer M8

If you need to install vices, do this before you turn over the bench.

See separate instruction for the installation of vices.

Turn over the bench, then  
You are ready to go!
